

## BPA Energy Efficiency Weekly Announcement, October 8, 2015

### Events

---

**Brown Bag: Clark Public Utilities Home Energy Reports Program: What Have We Learned?**

After more than two years of experience with the Home Energy Report behavior-based energy efficiency program, Clark has lessons learned and real savings to share with the region and Navigant will share the findings from the recent evaluation during this webinar, October 15 from 12:00-1:00 pm...[More](#)

---

**Brown Bag: Commercial Measure Review Part One -**

Please join us on October 21 from 12:00 - 1:00 pm for a Brown Bag on Commercial Measure Review with Utilities: part 1 of a 2 part series. In this first presentation, we will review new UES Measures, new Project Information Forms and Qualified Products Lists...[More](#)

---

**Low Income Energy Efficiency Workgroup Save the Date -**

The next meeting is scheduled for November 5 in Portland. To add it to your calendar, click [here](#).

---

### General

**Correction: Start of Rate Period Budget Calculation Methodology -**

In a recent communication about using final proposal TOCAs to establish EEI budgets we mentioned that this was the method used for the Residential Exchange Program Payment. We should have said Residential Exchange Program Refund Amount. We are sorry for any confusion.

---

**Feedback on the Momentum Savings Allocation Method -**

BPA requested feedback on the allocation method for Momentum Savings. We received four comments, and have also posted a plan to address these comments. The comments and the BPA response are available at: [www.bpa.gov/goto/MomentumSavings](http://www.bpa.gov/goto/MomentumSavings)

---

**USB Agenda for October 14 Meeting -**

The next meeting of the Utility Sounding Board is October 14 in Portland. The agenda can be found [here](#).

---

**Reminders****Newly Formatted Implementation Manual Now Online -**

The newly formatted version of the [October 1, 2015 Implementation Manual](#) is available now on the BPA website. This format improves readability and navigation, and also improves access to required and supporting documents for individual measures.

Given this is a new version, we would ask for your assistance in identifying any issues with broken links or formatting details that we might have missed. If you find links or formatting issues that need to be addressed, please let us know. We welcome your feedback on this new format of the IM.

---

**Cascade Energy Selected for ESI Program -**

After a competitive process, BPA selected Cascade Energy, Inc. and its program partners once again to deliver of the award-winning Energy Smart Industrial (ESI) program over the next biennium.

---

**Efficiency Exchange 2016: Call for Ideas! - Deadline is October 30 -**

Do you have an energy efficiency topic that is interesting or indispensable for your fellow utility colleagues? The Efficiency Exchange conference is coming to Coeur D'Alene, Idaho next year and we're looking for relevant session topics and presentations. Post your ideas on the [Session Proposal Form](#) on Conduit and help make this year's conference agenda truly valuable. The deadline for submitting session topics is October 30, 2015.

And, please let us know if you have ideas for a dynamic and cutting-edge keynote. Forward this to your colleagues and plan to join us in Coeur D'Alene, Idaho on April 26 - 28 with old friends and new connections.
